ILEAP and the Ministry of Tourism, Trade and Industry are pleased to host a public launch event for ILEAP's latest publication:
Aid for Trade and Development

Following in the wake of the World Trade Organization's engagement with Aid for Trade, this book brings together a range of perspectives around this emerging issue. The collection of articles in this volume presents many of the ideas elaborated through research conducted by International Lawyers and Economists Against Poverty (ILEAP) since 2005 and is intended to provide a basis for further study.

The launch event will provide an opportunity to highlight some key issues discussed in the book and consider pressing concerns as we move towards implementation of the Aid for Trade initiative and prepare for the next Global Review.
